

# FINDING URBAN NATURE

Is searching for enthusiastic volunteers

## HELP US EDUCATE FUTURE ENVIRONMENTAL STEWARDS

### ABOUT FUN:

FUN is an environmental education program for Seattle Public School students. It introduces 3<sup>rd</sup> and 4<sup>th</sup> graders to the natural world in their own schoolyard habitats.

### WHERE YOU COME IN:

As a volunteer you will lead a group of 5-6 students through four one-hour, outdoor, hands-on lessons that are focused on the plants and animals present in their schoolyard.

### WHAT YOU GAIN:

- Exposure to formal classrooms
- Experience working with children
- Learn from professional educational staff
- Training in science-inquiry ed. techniques
- Volunteer or service hours
- Support Seattle Audubon's mission
- Expand knowledge of birds and nature
- Potential professional reference

### HOW TO APPLY:

#### Contact the Volunteer Coordinator

T: (206) 523-8243 ext. 12

E. [volunteerc@seattleaudubon.org](mailto:volunteerc@seattleaudubon.org)

#### Interview With The Elementary School Program Manager

Don't worry; it's not a formal interview. We value your time and want to make sure you have a fantastic experience.

#### Complete Background Check

SAS asks volunteers who work with youth to submit and pass the Seattle Public School's required background check.

#### Let the FUN begin!

With your help, students can increase their environmental knowledge and awareness.

**TIME COMMITMENT:**  
Approximately 2-3 hours/week  
for 4 consecutive weeks

#### Fill Out The Volunteer Application

You are special and we'd like to get to know you a little better.

#### Receive Placement Confirmation

We try our best to offer the program to schools at a convenient time. Once we arrange our FUN schedule, we'll contact you for availability.

#### Attend training

A FUN filled morning! Typically training is the first Saturday in October for the fall session and the last Saturday in March for the spring session.
